

## SC adapter SM APC

### SC-APC Simplex adapter, flangeless, Low Loss Zirconia sleeve, green

SC adapter is a device used to join two fiber optic connectors together. It features a rectangular plastic housing and a "push-pull" locking mechanism for quick and secure connections and ensures precise alignment of the fiber cores using internal zirconia ceramic sleeve, which minimizes signal loss.

#### SPECIFICATION

Adapter Fiber Mode	SM
Adapter Colour	Green

#### Part Numbers

C2000040	SC-APC Simplex adapter, flangeless, Low Loss Zirconia sleeve, green
